

City College Birmingham Corporation

Corporation Meeting – 16th September 2008

Determination of Membership of the Corporation

As you are aware the previous determination of membership of the Corporation (as laid down in the Instruments and Articles of Government) has consisted of Business (7), Community (3), Co-opted (3), Local Authority (2), Principal (1), Staff (2) and Student Members (2).

Following the 2007 Order the Instruments and Articles of Government were changed by removing the Business, Community, Co-opted and Local Authority categories with effect from 1st January 2008. These members are now referred to as Independent members and will apply to any new appointments.

As a result of these changes to bring members in line you are asked to consider that membership arrangements for the Corporation are as listed below. They comply with the current Instruments and Articles of Government effective from 1st January 2008 and reflect the maximum number of board members.

2	Student members
2	Staff members
1	Principal
15	Independent members (previously a mixture of business, co-opted, community and local authority members)

20 members in total

Recommendation: that members approve the determination of the membership of the Corporation as: 2 Students, 2 Staff, 1 Principal and 15 Independent members.
